

Block of the Month – May

Optical Sawtooth

Light	A:	1		→		5 1/4"
Medium	B:	1				4 1/2"
	C:	4		→		2 7/8"
Dark	D:	4				2 1/2"

Optical Sawtooth- 8" finished (8 1/2" unfinished)

Cut one light square "A" 5 1/4"- cut diagonally twice to make four triangles.

Cut one medium "B" square 4 1/2".

Cut 4 medium "C" squares 2 7/8"- cut diagonally once to make two triangles from each square.

Cut 4 "D" squares 2 1/2" for the corner squares.

Follow the piecing diagram above to sew the block together.

This should be a fairly easy block to sew and it would be nice to see lots of members participating.

Try a black and white one or a brightly coloured block.

Please make several and have fun!
