

FVQG Block of the Month December 2023

8 ½" unfinished / 8" finished

This block is paper pieced. Use your favourite method of paper piecing and if this is your first attempt at it, please search online. There are great videos and instructions on the World Wide Web. Search for 'foundation paper piecing'.

Using various scraps of green for the green tree parts will make your block much more interesting. Try a wild coloured stripe for the trim and a bark coloured brown for the tree trunk and light colour for the background.
