

SEPTEMBER BLOCK OF THE MONTH

SLIP KNOT

valerie.towler@shaw.ca

This illusion block can be a bit challenging as there are so many corners to match up, but the final effect is very rewarding. I tried two different methods and found the following is easier. The method we usually use to make HST's is preferable to the one I was given in the original pattern, and so I have provided the appropriate cutting instructions. Have fun!

Cutting Instructions for a 12 1/2 inch block:

Background fabric 1 (white or very pale blue)

Cut four rectangles 2 x 3 1/2"

Cut four rectangles 2 x 5"

Cut six 2 7/8" squares

Cut four 2 3/8" squares and bisect on one diagonal to make corner triangles for figure 2

Deep navy blue fabric 2;

Cut ten 2 7/8" squares

Cut two 2 3/8" squares and bisect on one diagonal to make the corners for the centre square.

Cut one square 4 1/4" and bisect on both diagonals to make centre triangles for figure 2

Fabric 3, a contrast colour of your choice;

Cut four 2" squares

Cut four rectangles 2 x 3 1/2"

Cut four 2 7/8" squares

Cut centre square 2 5/8"

Assembly:

Using the ten 2 7/8" squares of background fabric 1, six 2 7/8" squares of blue fabric 2 and four 2 7/8" squares of fabric 3, make HST squares by our usual method. Place the background fabric on a darker square, right sides facing. Draw a line diagonally from corner to corner. Stitch 1/4" seam each side of the line, then cut down the line. Press open and you will have 20 HST's. Trim each to a 2" square.
