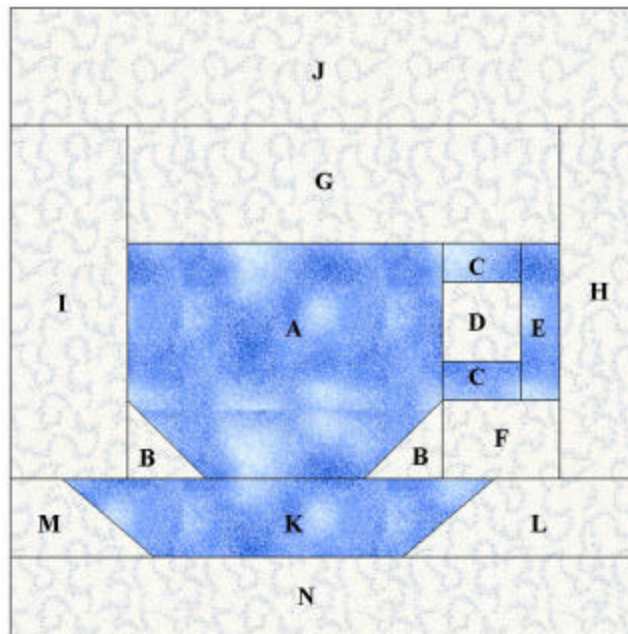

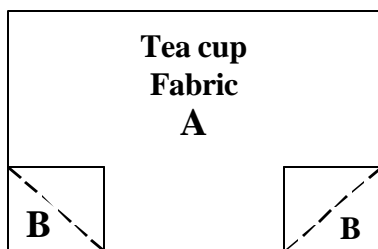

Diagram 1

Take your A square of fabric (face up) and lay your two B fabrics down on the bottom two corners. Mark a diagonal line and sew on it. Trim seam allowance to 1/4". Open corners.

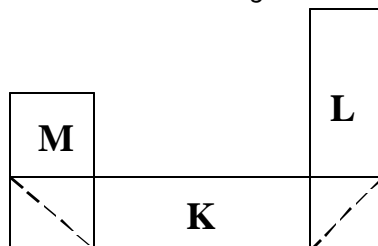

Sew the two C pieces to each side of D, then add E to the right side to make the handle.

Sew F on to the bottom of handle and then sew handle unit to A/B. Add G to the top, then add H on the right side and I on the left.

Diagram 2

To make saucer lay K right side up and lay L right side down, perpendicular to K. Do the same with M. Measure 1 1/4" along K and mark a diagonal line. Sew on that line to make the saucer.

Sew J to the top of the block and N to the bottom of the block.
