

January BOM

Your favourite Block with colour theme

unfinished 10 1/2" finished 10"

My favourite block is called "Broken Stone" or "New Wedding Ring" from the 1930's. The one shown is in three colours. So there will be a colour theme but in any style of block. Get out your batiks...the colours will be soft yellow, medium pink and dark blue-green background. It would be nice to have the blocks made up in a uniform size....so if you can, try for 10" finished block.

Have fun...you have lots of time between now and January...put reminders up on your fridge or sewing machine. I have enjoyed seeing so many people participate each month.
